Children under the age of seven exhibit more theta brainwaves, which foster learning and creativity. The flavor of fresh fruit, the simple pleasure of a good book, or taking a moment to share with the ones we care about make for good lessons in living a full life. Taking the time to teach these ideas early on, with positivity and clarity, can communicate a lifetime of good habits to a child while still embracing the joy of being a kid! Read along together and find ways to make every day a healthy one. It s never too early to affirm self-love. In Lois charming I See a Healthy Me!, your child will begin their journey of self-love and self-care which will last a lifetime. --Laura Alden Kamm, author Intuitive Wellness, Using Your Body s Inner Wisdom to Heal.
