GRIN Verlag Gmbh Apr 2015, 2015. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2012 in the subject Romance Languages - Portuguese Studies, grade: 65, University of Birmingham, course: BA Modern Languages, language: English, comment: The first two sentences focus your readers' attention, but the statement that portuguese short story writers invariably include an 'old woman' story is somewhat sweeping. Four authors is not the broadest sample. Good use of quotations from source texts and secondary materials, eg. Hanson on the 'Alienated vision of women'. Reads well and demonstrates that you have understood and engaged with the stories. , abstract: Loneliness is a major health concern, a debilitating condition and a universal human emotion. It at once fascinates and terrifies us, which makes it an invaluable literary theme. The lonely and the elderly are often synonymous; Portuguese authors known for their short stories, such as those above, invariably include among their works an 'old woman' story in some form. The theme of loneliness comes as part of the package. The ways in which the narrative incorporates it, however, are as varied as the narratives themselves. 12 pp. Englisch.
