STEPS TO ORATORY: A SCHOOL SPEAKER (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Steps to Oratory: A School Speaker This collection includes representative selections from the best literature, arranged and condensed for effective use in school declamation. Part First gives a sufficient outline of the technique to guide the student, but presupposes some knowledge and training on the part of the teacher. Part Second consists entirely of selections, arranged as closely as practicable on a historical plan, but interspersed with examples of colloquial and humorous styles, the study of which will help to counteract the tendency toward a stilted and declamatory manner. The criticism has been justly made that the so-called old elocution did not take sufficient account of fundamental psychological processes. On the other hand, certain recent methods erred quite as greatly in ignoring the technique of voice and action. If the old school often fostered a mechanical and elocutionary delivery, the tendency to rely exclusively on thought and impulse has resulted quite as often in either cold self-conscious intellectualism, or impassioned rant, according to the idiosyncrasy of teacher or pupil.
