

Flirting with French: How a Language Charmed Me, Seduced Me, and Nearly Broke My Heart

Filesize: 1.4 MB

Reviews

If you need to adding benefit, a must buy book. It usually does not charge excessive. I realized this ebook from my dad and i suggested this publication to learn.

FLIRTING WITH FRENCH: HOW A LANGUAGE CHARMED ME, SEDUCED ME, AND NEARLY BROKE MY HEART

ALGONQUIN BOOKS OF CHAPEL HILL, United States, 2014. Paperback. Book Condition: New. Bilingual. 206 x 102 mm. Language: English . Brand New Book. A delightful and courageous tale and a romping good read. Voila! Mark Greenside, author of *I'll Never Be French (No Matter What I Do)* William Alexander is more than a Francophile. He wants to be French. There's one small obstacle though: he doesn't speak la langue française. In *Flirting with French*, Alexander sets out to conquer the language he loves. But will it love him back? Alexander eats, breathes, and sleeps French (even conjugating in his dreams). He travels to France, where mistranslations send him bicycling off in all sorts of wrong directions, and he nearly drowns in an immersion class in Provence, where, faced with the riddle of masculine breasts, feminine beards, and a turkey cutlet of uncertain gender, he starts to wonder whether he should've taken up golf instead of French. While playing hooky from grammar lessons and memory techniques, Alexander reports on the riotous workings of the Academie française, the four-hundred-year-old institution charged with keeping the language pure; explores the science of human communication, learning why it's harder for fifty-year-olds to learn a second language than it is for five-year-olds; and, frustrated with his progress, explores an IBM research lab, where he trades barbs with a futuristic hand-held translator. Does he succeed in becoming fluent? Readers will be as surprised as Alexander is to discover that, in a fascinating twist, studying French may have had a far greater impact on his life than actually learning to speak it ever would. A blend of passion and neuroscience, this literary love affair offers surprise insights into the human brain and the benefits of learning a second language. Reading William Alexander s...
