Reviews

The publication is easy in read better to understand. It is writer in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).

In response to a congressional request, GAO provided information on: (1) five federal agencies transition from merit pay to the Performance Management and Recognition System (PMRS); (2) how PMRS addressed the problems identified with merit pay; (3) the problems that still exist under PMRS; (4) the pay increases and performance awards PMRS employees received in fiscal year 1985; and (5) selected employees initial perceptions of PMRS operations. GAO found that: (1) the Office of Personnel Management (OPM) and the agencies lacked time to prepare for implementing PMRS because Congress enacted PMRS approximately 1 month after it was to have become effective; (2) OPM often issued untimely, unclear, and inconsistent guidelines and regulations during the initial months after implementing PMRS; (3) three of the few agencies that provided personnel data provided their employees with general pay and merit increases and performance awards in accordance with PMRS; (4) one agency miscalculated the increases for many of its PMRS employees, which could result in erroneous merit increases in future years; (5) certain nonperformance-related factors that caused inequities under merit pay continued to exist in PMRS; and (6) award amounts varied considerably for employees with the same grades and performance ratings. This item ships from La Vergne, TN. Paperback.
