

## A Syllogisms Playbook Using PLN for Deductive Logic

By Douglass McFerran

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. For more than two thousand years a study of deductive logic centered on the use of syllogisms as presented by Aristotle. In the twentieth century this was overshadowed by a symbolic logic that, while originally intended to discover a basis for mathematics, allowed new leaps forward in computer programming. However, the idea of examining the logic of an argument through the use of syllogisms has remained attractive as a starting point for beginning students. What was missing was a way of simplifying this study. Professor McFerran offers this in his adaptation of traditional material through the use of a postfix literal notation (PLN). This item ships from La Vergne, TN. Paperback.

### Reviews

*Simply no words and phrases to clarify. It really is full of knowledge and wisdom You wont feel monotony at at any moment of the time (that's what catalogs are for relating to when you question me).*

-- **Paolo Spinka**

*Completely essential go through ebook. It can be writter in basic phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Jessy Collier**
